

## **YEAR 7 TRIP TO ISLE OF WIGHT**

We are intending to take our year 7 students on a residential team building adventure combined with an Adventure Study Maths course to Little Canada, Isle of Wight, from Monday 22<sup>nd</sup> October 2018 to Wednesday 24<sup>th</sup> October 2018. The centre is run by the PGL group, who are leaders in running educational adventure activity courses.

The Little Canada centre provides full board accommodation, a full programme of activities and full insurance cover. The planned course will cost £210, which includes a charge for board and lodgings together with a voluntary contribution for travel and tuition. Pocket money and meals en route are not included in this price.

As you are aware, residential courses are an invaluable part of the National Curriculum. We feel sure that the course will be a most worthwhile and enjoyable experience for those students concerned. Adventure Study Maths extends learning beyond the classroom and into the world at large. It uses adventure sessions as a basis and inspiration for the Mathematics National Curriculum.

The students will take part in activities from the following: abseiling, archery, climbing, fencing, high/low ropes, giant swing, problem solving, quad bikes, orienteering and numerous other activities. This will be an excellent way for the girls to strengthen their new friendships.

For further information, go to the PGL website, [www.pgl.co.uk](http://www.pgl.co.uk), however, if you have any questions whatsoever relating to the trip; please do not hesitate to contact the school.

If you would like your daughter to participate, please complete the slip in your reply slips booklet and make a deposit payment of £75 via Wisepay.
